

Ester-fusel concentrate TU U 20.5- 38538354-001:2021

Parameter	Reference value
Appearance	Homogeneous transparent liquid with no mechanical impurities and sediment
Color	Colorless liquid with a yellowish or greenish tint
Odor	Typical for higher types of ethanol, organic acids, esters, and aldehydes
Density at (20±1) °C, g/cm ³)	0,826 to 0,900
Aldehyde mass concentration expressed as acetaldehyde, g/dm ³), max	300,0
Ester mass concentration expressed as ethyl acetate, g/dm ³ , max	220,0
Higher types of ethanol mass concentration (fusel oil), g/dm ³ , max	250,0
